RECORDSAFE THEFT & FIRE RESISTING

CMI RECORDSAFE offers both fire and theft protection for your business records.

Economically priced, the safe features large internal space with adjustable shelving and comes in a range of 5 standard sizes, but also can be custom made to your specific dimensions.

BODY: Total thickness 85mm. The safe body features a highly efficient fire-resistant mineral compound of extremely low heat conductivity between inner and outer walls of specially reinforced steel. A sealed expanding gasket is fitted around the entire door perimeter to resist entry of heat, smoke and water.

DOOR: Total thickness 100mm. The safes have a heavy steel plate door and frame for maximum strength, with an insulation chamber fitted to the rear. Front and rear locking bolts of 25mm diameter high grade steel provide 2-way locking into the specially strengthened lock chamber sections at front and rear edges of the door.

LOCKING: All models are provided with both a six lever pick resisting keylock and a high quality changeable three wheel combination lock. A digital lock is available at an additional charge.

INTERNAL FITTINGS: Models RP60, DD60 and DD72 are provided with 5 adjustable shelves (adjustable to any 12mm

MODEL RP60

interval) while models RP42 and RP42S have 3 adjustable shelves.

FINISH: CMI Recordsafes are supplied with an attractive durable enamel finish. Satin finish handles, locks and fascia panel complement the high quality appearance.

Model	Height mm		Width mm		Depth mm		Weight
	External	Internal	External	Internal	External	Internal	
RP60	1524	1371	762	609	762	580	406kg
RP42	1067	914	762	609	762	580	254kg
RP42S	1067	914	762	609	609	430	202kg
DD60	1520	1370	1220	1066	762	580	684kg
DD72	1830	1668	1370	1220	762	580	810kg

IMPORTANT

Allow 55mm projection for handle on depth measurement.

ALL CMI SAFES COME WITH A FIVE YEAR WARRANTY, EXCLUDING FREIGHT AND TRAVELLING, WITH A 24 MONTH WARRANTY ON LOCKS.
